1. Which of the following will Excel recognize as a date? (One or more answers are possible - partial credit will be awarded) 1 / 1 point

- [ ] 5 9 2016
- [x] 05/09/2016

> **Nice work**
>
> Yes, Excel will automatically convert this into a valid date format.
>
> Remember to check the regional settings on your computer as they affect data entry in Excel - depending on your settings this is either 5 September 2016 or 9 May 2016!

- [x] 05 Sept 16

> **Nice work**
>
> Yes, Excel will automatically convert this into a valid date format.

2. To clear the contents of a cell (without affecting the surrounding cells), single-click on the cell and... 1 / 1 point

(You might want to try this out in Excel. One or more answers are possible. Partial credit will be awarded)

- [x] Press **Backspace** then **Enter** on your keyboard (**Delete** and **Return** on Mac).

> **Nice work**
>
> Yes, this will delete the contents of an active cell.

- [ ] Click **Delete** on the **Home** tab in the Ribbon.
- [x] Press the **Delete** key on your keyboard (**Fn**+**Delete** on Mac).

> **Nice work**
>
> Yes, this will delete the contents of an active cell.

- [ ] Click **No Fill** on the **Home** tab of the Ribbon.

3. Before you can enter data in an empty cell you must double click on the cell. 1 / 1 point

- ( ) True
- (•) False

> **Nice work**
>
> You are onto this - well done. A double-click is only necessary when you want to alter existing data in a cell.

4. Which of the statements below are correct regarding Excel's behaviour when you enter data into an empty cell? 1 / 1 point

(One or more answers are possible. Partial credit will be awarded.)

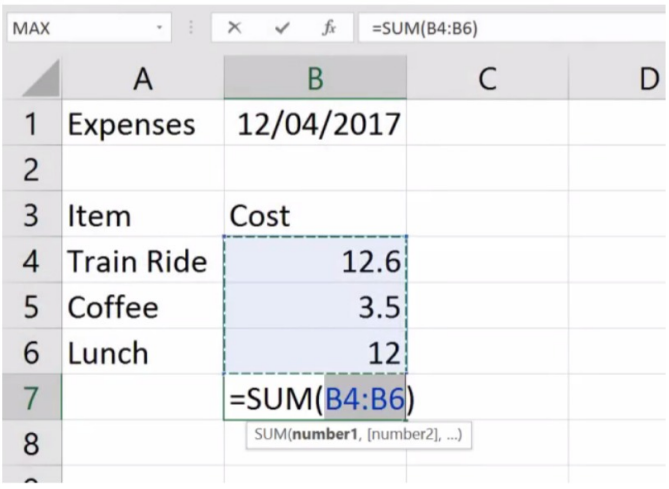

- [ ] Numbers and text entered together are automatically aligned on the right.
- [ ] Any number entered is automatically aligned on the left.
- [x] Any number entered is automatically aligned on the right.

> **Nice work**
>
> Yes, spot on. Excel aligns numbers automatically on the right.

- [x] Any text entered is automatically aligned on the left

> **Nice work**
>
> Yes, that's exactly right - did you remember this from the video or did you check it in Excel?

5. Sean used a tool to create the contents of cell **B7**. Which one did he use? 1 / 1 point

- ( ) $

  Is this correct?

- (•) Σ

  Is this correct?

- ( )

  Is this correct?

> **Nice work**
>
> Yes, spot on. The sigma sign stands for AUTOSUM. We are dealing with this in more detail in Week 2. Stay tuned!
